

EXCLUSIVE INVITATION

Turkish Trade Delegation to Finland

INVITATION TO EXPLORE THE LARGEST COMPANIES FROM TURKISH ELECTRICS AND ELECTRONICS INDUSTRY

The Electrical and Electronics Exporters' Association (TET) of Türkiye in cooperation with Gateway&Partners is inviting you to meet 20 Turkish electrics and electronics producers!

Learn more about cooperation opportunities with Turkish companies by attending our B2B matchmaking event that will take place on Thursday, 22nd of October in Helsinki, Finland.

Venue: Original Sokos Hotel Tripla – Fredrikanderassi 1 B, 00520 Helsinki

Meeting room: Riksberg Meeting Room

During this event, you will have the opportunity to discover the broad Turkish electric and electronic product range. This is a great chance to discuss and build new business relationships!

BORSAN KABLO

ABOUT THE COMPANY

Founded in 1984, **Borsan** is a leading Turkish manufacturer of copper and aluminum power and weak current cables, with integrated production facilities in Samsun. The company offers nearly 10,000 products and exports more than half of its production to almost 100 countries. Ranked among Turkey's top 400 industrial enterprises and exporters, Borsan serves over 350 international business partners. With a strong focus on R&D, innovation, and sustainable production, the company continues to expand its global presence through the TURQUALITY® brand support program.

PRODUCTS AND SERVICES

- Low Voltage Copper Cables
- Signal & Control Cables
- Low Voltage Aluminum Cables
- Solar Cables

SAHRA KABLO

ABOUT THE COMPANY

Since 1968, **Sahra Kablo** has been a trusted partner in the global energy sector, manufacturing highquality aluminum cables and conductors for power distribution and transmission projects in more than 35 countries worldwide

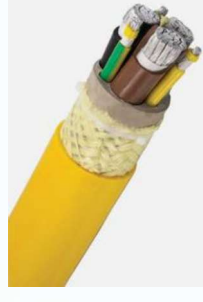

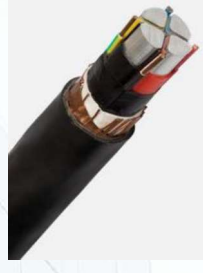

PRODUCTS AND SERVICES

Distribution & Transmission Utility Products:

- Aluminium Underground Power Cables (VDE-certified NAYY, NAYCY, NAYCWY)
- Aluminium Aerial Bundled Cables (ABC)
- Aluminium Overhead Conductors (AAC, ACSR, AAAC, AACSR, ACAR)

Aluminium Flexible Cable Solutions

- Aluminium Extension Cables & Power Cords
- Aluminium Temporary Power Supply Cables
- Aluminium Mining & Tunnelling Cables
- Aluminium Marine Cables
- Aluminium Grounding & Earthing Cables
- Aluminium Railway & Wind Turbine Cables
- Aluminium Custom-Designed Aluminium Flexible Cables

ABOUT THE COMPANY

Since 1998, **Temka Kablo** has specialised in the design and manufacture of high-quality cables from their facility in Istanbul, Türkiye. Their continuous investment in process automation enables them to serve both domestic and international distributors, and contractors with reliable, compliant products delivered on schedule.

PRODUCTS AND SERVICES

- Coaxial Cable
- CCTV Camera Cables
- Signal and Control Cables
- Fire Alarm Cables
- Fire resistant cables
- Telecommunication Cables
- Flexible Control Cables
- Flat Cables
- Data Transmission Cables
- Silicon Cables
- Instrumentation Cables

ABOUT THE COMPANY

Üntel Kablo, one of leading cable manufacturers in the world was established in 1972, Product range consists over 24.000 different types of cables, covers both rubber and thermoplastic cables up to Medium Voltage (MV) range. ÜNTEL is also able to produce tailor made products for special purposes.

PRODUCTS AND SERVICES

- Industrial Cables
- Marine Cables
- Offshore Cables
- Mining Cables
- Tunneling Cables
- Railway Cables
- Airport Cables
- Crane Cables
- Defense Industry Cables
- Instrumentation Cables
- Electric Vehicle Charging Cable:

PAMIR LIGHTING

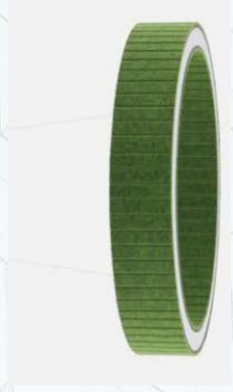

ABOUT THE COMPANY

Founded in 1974, **Pamir Lighting** is a leading Turkish manufacturer of architectural and technical lighting solutions with over 50 years of deep-rooted industry experience. Operating with an advanced production infrastructure, they design and manufacture high-performance indoor and outdoor lighting fixtures for commercial, educational, healthcare, retail, office, and industrial projects.

PRODUCTS AND SERVICES

- Architectural & Technical Lighting
- Linear & Modular Systems: Advanced linear lighting systems, pendant, surface-mounted, and recessed luminaires.
- Segment-Specific Solutions: Customized lighting for offices, retail, hospitality, industrial zones, and educational institutions.
- Specialized Technologies: Emergency lighting systems, advanced LED technologies, and acoustic lighting solutions.
- Engineering & Project Support: End-to-end project-based lighting design

VEKSAN LIGHTING

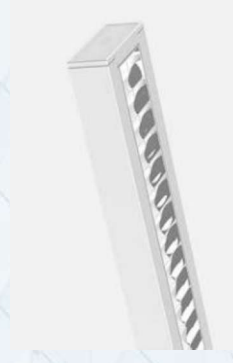

ABOUT THE COMPANY

Veksan Lighting is manufacturing Lighting Luminaires since 1987 and export it's products to European region regularly. We produce energy efficient indoor LED lighting products in our 5500m2 factory. We are well know company with our quality and service.

PRODUCTS AND SERVICES

- Indoor LED lighting luminaires for offices, schools, hospitals, markets, factories
- Linear aluminium products
- Steel products
- Spots
- Downlights
- Waterproof Luminaires

ABOUT THE COMPANY

Founded in 1974, **ILK-EL ELECTRIC Ltd. Co.** is a Schneider Electric Solution Partner and certified Prisma panel builder. Operating from our 3500 m² facility in Istanbul, we deliver fast, efficient, and highquality solutions tailored to diverse sectors such as industrial plants, business centers, hotels, sports complexes, and construction sites.

PRODUCTS AND SERVICES

- Certified Designer & Manufacturer of Low Voltage Switchboards
- Approved Supplier of Outdoor Cabinets for Telecom infrastructure
- Customized Kiosks, Vending Machine
- Turn-key solution provider for MCC, PLC, and SCADA systems
- Brands: PrismaSeT, BlokSeT, Socomec, Phoenix Contact, Klemisan

ABOUT THE COMPANY

Canozan, established in 1986, is a Turkish manufacturer of industrial automation and power distribution panels and enclosures. Through its **WEPAN** brand, the company produces low-voltage distribution, motor control, automation, and compensation panels in a modern 6,000 m² facility. With advanced CAD/CAM and CNC manufacturing, products comply with IEC 61439-1/2 standards and offer protection classes from IP42 to IP66. Canozan focuses on continuous product development, high manufacturing quality, and customer satisfaction, supported by ISO 9001-certified processes.

PRODUCTS AND SERVICES

- Terminal Boxes
- Wall Mounted Enclosures
- Floorstanding Cabinets
- Outdoor Cabinets
- Rack Cabinet
- Stainless Steel Enclosures & Cabinets
- Control Consoles

TRANSFORMERS

BETA ENERJİ

ABOUT THE COMPANY

Beta Enerji ve Teknoloji A.Ş. is a leading Turkish manufacturer of transformers, producing oil-type, dry-type, power, and custom-designed transformers at its facility in Adana. With an annual production capacity of 25,000 units, the company serves the energy sector with high-quality, energy-efficient solutions. Certified to international standards, including ISO, CE, TSE, and KEMA, Beta Enerji combines advanced R&D, sustainability, and customer-focused innovation to meet the evolving needs of global energy markets.

PRODUCTS AND SERVICES

- Oil-Immersed Transformers
- Dry Type Transformers
- Power Transformers
- Distribution Transformers,
- Special Type Transformers
- Reactors

EUROMEK

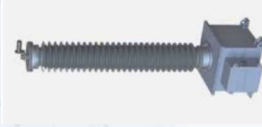

ABOUT THE COMPANY

Euromek Electric is a Turkish manufacturer specializing in oil-immersed medium- and high-voltage instrument transformers for power transmission and distribution systems. The company designs and produces current and voltage transformers that comply with IEC/IEEE standards, providing reliable solutions for protection and metering applications. With strong engineering expertise and flexible manufacturing, Euromek supports international utility, EPC, and industrial projects.

PRODUCTS AND SERVICES

- Oil-Immersed Current Transformers (CT)
- Oil-Immersed Capacitive Voltage Transformers (CVT)
- Oil-Immersed Inductive Voltage Transformers (IVT)
- Design and manufacturing according to IEC/IEEE standards and utility specifications
- Type testing, routine testing, and factory acceptance test (FAT) support

ABOUT THE COMPANY

EMAS has been at electro-technics market for over 57 years and become a well-known %100 Turkish origin manufacturer&exporter company. They already have an export to more than 82 countries all around the world. With their fast growth, EMAS has founded subsidiary company to ENGLAND U.K. (Stafford) in 2015. They provide solutions for panel builders & machine producers with their wide range of electromechanical & electrotechnical products.

PRODUCTS AND SERVICES

- Push Buttons & Control Units
- Indicator Lights & Pilot Lamps
- Industrial Connectors
- Relays & Contactors
- Proximity Switches & Sensors
- Limit Switches, Cam Switches
- Thermostats
- Cable Carriers
- Signal Devices & Beacons
- Lift & Elevator Components

FEDERAL ELEKTRIK

ABOUT THE COMPANY

Federal Elektrik is a leading manufacturer of low-voltage electrical protection, control, and distribution equipment, serving international markets with more than 40 years of industrial experience. Established in Türkiye, the company has built a strong global reputation for precision engineering, product reliability, and strict compliance with international standards.

PRODUCTS AND SERVICES

- Molded Case Circuit Breakers (MCCB)
- Miniature Circuit Breakers (MCB)
- Residual Current Devices (RCCB & RCBO)
- Contactors, Relays, and Auxiliary Components
- Surge Protection Devices (SPD)
- Various low-voltage protection and control elements
- Distribution Boards and Modular Enclosures

Energy Management

ENTES ELEKTRONIC

ABOUT THE COMPANY

ENTES is a leading technology company specializing in energy efficiency, power quality, and energy management solutions since 1980. With more than four decades of experience, ENTES designs and manufactures a wide range of products including power factor controller relays, network analyzers, energy meters, protection relays, current transformers, and energy management systems. Operating in more than 107 countries with offices in Germany, Greece, and India, ENTES has become a globally recognized brand.

PRODUCTS AND SERVICES

- Power Quality and Energy (Network Analyzers, Energymeters)
- Electrical Measurement (Multimeters, Ammeters, Voltmeters etc.)
- Power Factor Correction (PFC Relays, SVC, SVG and AHF, Capacitors, Contactors, Harmonic Filters, Shunt Reactors, Current Transformers etc.)
- Energy Management Software
- Protection & Control (Time Relays, Astronomic Time Relays Protection Relay, Liquid Level Controllers)
- Earth Leakage Relays and CTs, Power Supplies, Control Transformers etc.)

ABOUT THE COMPANY

HKTM is a Turkish engineering company specializing in factory automation, robotics, and hydraulic systems for industrial applications. Founded in 1998, the company combines engineering expertise with advanced motion and control technologies to develop customized solutions for its customers. With a team of 110 professionals, including 40 engineers, HKTM also operates its own R&D center focused on innovative technologies and products. As a Certified Excellence Partner of Bosch Rexroth, the company provides comprehensive engineering solutions and technical support to a wide range of industries.

PRODUCTS AND SERVICES

- Hydraulic Power Units
- Hydraulic Rotary Actuator & Hydraulic Cylinder
- Valve Stands & Valve Control Blocks
- Special Hydraulic Presses
- Filtration and Circulation Groups
- Robotics and Automation Systems,
- Plastic Injection Robots
- Transfer Systems
- Delta Robot
- Electromechanical Cylinder
- Special Projects and Solutions
- Defense, Marine, Automotive
- Energy, and Machinery

ABOUT THE COMPANY

Oliptek is a Turkish technology company that has been developing and manufacturing innovative automation and control solutions since 2008. The company specializes in media façade systems, wireless automation systems, parking guidance systems, and IoT control equipment. With a strong focus on R&D, Oliptek continuously develops its products and integrates emerging technologies into its solutions. The company emphasizes quality, customer satisfaction, and sustainability across its production and development activities.

PRODUCTS AND SERVICES

- Wireless Emergency Lighting Automation Systems (LoRaWANbased control systems)
- Wireless Smart City Lighting Control Systems
- Smart City Lighting Controllers (NEMA / Zhaga-compatible nodes)
- DMX Lighting Control Systems and Components (controllers, decoders, repeaters)
- IoT Smart City & Industry Devices

ABOUT THE COMPANY

Genpower Generator, established in 2001, is one of Turkey's leading generator manufacturers, producing diesel and gasoline generators, alternators, lighting towers, water pump generators, and synchronized power systems. Operating from one of the world's largest generator manufacturing facilities, the company has an annual production capacity of 60,000 units and exports to over 120 countries. Genpower is recognized for its advanced manufacturing, reliable energy solutions, and strong international presence.

PRODUCTS AND SERVICES

From 1 kVA to 3300 kVA;

- Diesel Generators
- Gas Generators (Natural Gas, Biogas, LPG)
- Portable Generators (Diesel & Gasoline)
- Light Towers
- Welding Generators (Diesel & Gasoline)
- Water Pumps

ABOUT THE COMPANY

BVK Technology is a global technology company specializing in smart locking systems, electronic access management, ATM security, cybersecurity, and enterprise security solutions. With nearly 20 years of experience in hardware and software R&D, BVK develops innovative technologies that help organizations strengthen physical security, improve operational efficiency, and accelerate digital transformation.

PRODUCTS AND SERVICES

- Smart Locks & Access Management
- Electronic Lock Controllers
- Mobile Credentials & Digital Keys
- ATM & Banking Security Solutions
- Cash Center & CIT Security
- Enterprise Credential Management
- Remote Password & Device Management
- Cybersecurity & Enterprise Protection
- Critical Infrastructure Security

ABOUT THE COMPANY

Uğur Türkyurt A.Ş. is an engineering, design, and manufacturing company specializing in the development, production, and supply of highvoltage transmission line hardware and silicone composite insulators for the power transmission and distribution industry, serving voltage levels from 11 kV up to 1000 kV.

PRODUCTS AND SERVICES

They manufacture transmission line hardware fittings and silicone composite insulators for highvoltage power transmission lines from 11 kV to 1000 kV. As a certified manufacturer, we provide design, production, and sales services in accordance with international standards.

- OHTL Hardware Fittings
- Substation Line Hardware fittings
- Silicone Composite Insulator
- OPGW and EW Hardware Fittings
- Stockbridge Dampers
- Spacer Dampers
- Warning Sphere
